Hard copies will be destroyed following Office policy on records retention and the retention schedule approved by the Colorado State Archivist and the Colorado Attorney General.
- PREA Standard Operating Procedures are reviewed and updated annually to maintain compliance with PREA standards and best practices.
- Douglas County Sheriff's Office website provides information on how to report a suspected incident of sexual abuse or harassment of a person while in custody. An email link along with contact information for the Sheriff's Office is located in the Health, Welfare and Safety of Inmates section.
- Information on PREA is published in the Inmate Handbook and available on inmate tablets.
- All Detentions' staff and volunteers are required to complete recurrent training on PREA standards and expectations.
